⌘: The projector is able to emulate the same control commands of most previous Panasonic projectors when it is replacing.

Note: [L] Lens-less model. The specifications are subject to change without notice.
Regarding light output, measurement, measuring conditions, and the method of notation all comply with ISO/IEC 21118:2020 international standards. The results of brightness measurements that comply with ISO/IEC 21118:2020 and ANSI will be the same. Regarding center lumens, luminance is measured at the center of the screen.
